PREFATORY NOTE

This Volume is a reprint of the Letters sent from Fort St. George during the year 1765 as found in Volume No. 40 of the Series known as " Letters from Fort St. George." Some of the letters at the beginning are lost. Unfortunately these gaps cannot be filled in as the India Office has no copies of this series of records.

The manuscript volume has been mended and is in a fair state of preservation.

To JOHN LEWIN SMITH ESQR.

We have received your Letter [of the] 26th. Ultimo with an account of the Ballances [due from] your Merchants for the last years Investment [must be] cleared off or settled in the advance to [be made on account] of the Investment for the present Year [. . .] enclosed, that Measures may [. . .] soon as possible. We have [no objection to your employing] three new Merchants [recommended in your letter] abovementioned, and we shall be glad if it will produce the effect you hope for, of inducing the Old Merchants to exert themselves. We leave it to you whether to employ them all again, or to dismiss any whom you may have found undeserving Moodee Kistna being only a very small Quantity Deficient, We recommend that he be encouraged. With these General Directions, you will take the most effectual Measures to renew the Contracts on the most advantageous Terms for the Company & on the same Plan, as the last Year, and We hope the Merchants will more scrupulously adhere to their Engagements.

We observe that on account of the first advance, They are too ready to contract for more Cloth than they can provide. We recommend that as you must be well acquainted with the Quantity they can bring in, your advances are made accordingly.

GENTLEMEN

We transmitt to you herewith a [list of Investment] to be provided this Year at your Settlement for which you will agree with your Merchants on the most favourable Terms you are able after they have settled the Ballances that may be due from them on their Contract for last year; as the Investment should be conducted on the same Plan at all the Settlements enclosed is the Form of the Contract our Merchants enter into for your Guidance, you must endeavour by all the Means in your power to make them adhere to their Engagements as well as improve the Manufacture of the Cloths as much as possible.

As Upparra lays most convenient to be under the Directions of the Resident at Ingeram the Investment must be conducted for the present at least by Mr. Dolben as we believe it may be delivered to him on better Terms than to

you at so a great distance & he will have more frequent Opportunities of overlooking the Merchants if by this means your Investment should be reduced in the Articles of fine & Midling Cloths. We hope you will be able to attend more particularly to the improvement of the Long Cloth Ordinary in the Boney & Tuney Countries, which we have before recommended to your attention, & we wish you could also find means to procure Salampores Ordinary which formerly were provided, with advantage to the Northerners.

We observe that the [merchants on] Account of the first advance are too [ready to contract for more] Cloth, than they can provide. We recommend [that as you] must be well acquainted, with the Quantity [they can bring] in, your Advances are made ac[cordingly].

TO MR. GEORGE DAWSON
AT MASULIPATAM.

SIR

We have received your letter of the 26th. Ultimo with the Proposals enclosed for renting the Arrack Farm at Masulipatam, the ensuing year. Those of Tadallapah Ramiah the present Renter who offers to take it again on the same Terms as he did the last year of five thousand two hundred Rupees are accepted of which you will acquaint him, & a Cowle shall be accordingly prepared & forwarded.

Enclosed is a List of Investment to be provided this year at Masulipatam & Bandarmalanka with the copy of the form observed here with the Merchants for your Guidance, in renewing your contract which must be done in the most favourable Terms after the Ballances due [from] them for the last year have been cleared off.

You will find in our Letter to the [Chief of the] 22d. December the Directions, given to Mr. Dolben [in the northern] Investment at Ingeram. The investment at [Bandarmalanka] may be conducted on the same Plan observing that the Long Cloth Fine instead of 24 Punjams at Rs. 62½ ℔ Corge is to consist only of 23 Punjums at the former Price of 60 Pagodas ℔ Corge which has been represented to us will be a more substantial cloth of a better Fabrick. The several Sortments will then be provided as follows:

LONG CLOTH ORDINARY	14	Punjams	@	Pags. 34 ℔	Corge.
LONG CLOTH MIDLING	18	Do.	@	60 ℔	Do.
LONG CLOTH FINE	23	Do.	@	60 ℔	Do.

great care must be taken that the Merchants keep up to their contracts in every respect, this alteration, having been made with the sole view of improving & extending our Investment to the Northward We observe that the Merchants on accoᵗ. of the first advance are too ready to contract for more Cloth than they can provide. We recommend, that as you must be well acquainted with the Quantity they can bring in, your advances are made accordingly.

In regard to the Chay Goods at Masulipatam particular attention is necessary to have the colouring improved which of late has been very exceptionable.

Honble Sir & Sirs

Our President having lately wrote to Mr. Van Teylingen on the subject of a Bill of Exchange drawn on Messrs. Baars & Campen from Batavia in 1762 for two hundred & fifty Pagodas in favour of Mr. Marriott our late Resident there, it appears by Mr. Van Teylingen answer that the Reason of their refusing Payment was a demand Mr. Outlelugh one of the drawers as Executor to the Estate of Mr. Thomas Delvin, had afterwards made on Mr. Marriott of above 600 Rix Dollars. As the Bill abovemention'd was granted to Mr. Marriott for money paid out of the Compys. Cash at Batavia antecedant the demand made on account of Mr. Delvins Estate, it is but reasonable it should be discharged. We request therefore you will be pleased to obtain payment thereof & Mr. Outelugh should take Measures for recovering the Ballance due from Mr. Marriotte to Mr. Dobins Estate as a seperate Transaction.

To the Honble John Spencer Esqr.

at Fort William.

Honble Sir & Sirs

The Calcutta arrived here the 17th. Instant with your Favour of the 18th. of last Month, & will proceed on to Bombay tomorrow according to her Destination from your Presidency.

We now dispatch to you the Illocos with a Detachment of Military, as you will be more particularly informed from the other Department. This Vessell was taken up by the Gentlemen at Manilha to assist in transporting the Troops &ca. from thence, who agreed to pay the Owners a Freight of Dollars elven thousand & eighty one, and two Rials (11081. 2) a Premium of 20 ℔ Cent on the Prime Cost & Charges of the said Ship; and to make up to them, any Difference that might arise between the Sale of the ship here & ℔ 21080, being the amount of her Cost, Charges & Premium thereon. We therefore directed our Master attendant to bid as far as six thousand Pagodas as we were in want of a Vessell for transporting the Detachment to you being unwilling to employ the Admiral Watson, on this Service as the Gentlemen at Fort Marlborough had wrote very presingly for her speedy return; & judging she may sell better at Bengal than at this place, she was accordingly bought in for Pagodas 3400, & We desire your Honor &ca. will be pleased to dispose of her.

Enclosed is an Account of the Impress money advanced on account of the officers & Men as also of the Charges laid out on the Vessell, since she has been purchased for the Company.

By the Illocos we consign to you as a small Quantity of Redwood according to Invoice & Bill of Lading enclosed.

We send herewith an account of the Deficiency of the Grain received from your Presidency by the Luconia that the same may be adjusted with the Captain by your Honor &c^{a}. which is about 7-5/8 ℔ Cent, 5 ℔ Cent being the usual allowance for Wastage.

The Gunny Bags ℔ Luconia were also 624 Short of the Number mentioned in your Invoice of 3000 only 2376 being recovered here.

GENTLEMEN

We have communicated to Mr. Dolben at Ingeram, the complaint made in your Letter of the 16th. of last Month of the Merchants he has employed having allready interfer'd with your Investment in the Toney Country, & the unwillingness of some of the Upparra Merchants to make their Contract at Ingeram. We have caution'd Mr. Dolben, against interferring with your Investment to the Northward at any rate and We recommend that you advise him whenever it happens so but we are at a loss for any reasonable objection the Uparra Merchants can have to delivering their Investment at Ingeram whither the Cloth may on account of the Vicinity of that Place, to Uparra be more easily conveyed than to your Settlement.

We have in our former Letters given you our Sentiments & Directions on this subject to which we expect that you will conform, as they are calculated for the Benefit of the Northern Investment in general.

Besides the Supply of twelve thousand five hundred Madras Pagodas by the Porpus Sloop We have since sent you fifteen thousand by the Illocos which we hope will have reach'd you before the receipt of this Letter.

We hope you will before this reaches you have received the supply of seven thousand Pagodas sent lately on the Illocos to Vizagapatam for the occasions of your Investment and We shall furnish you with a further Sum by a Vessell that will sail in a few Days for Mazulipatam.

Enclosed is Extract of a Letter we have received from the Gentlemen at Vizagapatam who complain that your Merchants have by means of the advances made to them interfer'd with their Investment in the Toney Country and that some of the Upparah Merchants hitherto employed by them do not care to change their Plan & deliver their Cloth at Ingeram. You must therefore give us all the Information you are able on this Occasion and take care that your Merchants do not give the least Interruption to the Vizagapatam Investment in the Northward Countries, to which we have directed them to confine their attention on a supposition that the Investment at Upparra might on account of its Vicinity to Ingeram be conducted with more ease & advantage under your Inspection.

Being fully satisfyed of the scarcity & dearness of Provisions in your Neighbourhood We have increased your allowance to fifty Pagodas a Month which you are henceforward to receive.

Honble Sir & Sirs

We wrote to you that 26th. of last Month by the Jenny Snow acknowledging the receipt of your several Letters by the Admiral Watson & Neptune Galley. The Bill of Exchange advised of in that of the 10th. September has been duely accepted & paid.

The Admiral Watson now returns to you with the several Articles of your annual Indent as ℔ Invoice & Bill of Lading enclosed.

The consignments received from Bengal for your Presidency are also now forwarded with a Packet from the President & Council there.

We could wish you had been able to dispose of the Block Tin consign'd to you from Europe by the Admiral Watson as it will not sell here even for the Prime Cost.

Notwithstanding the assurances you inform us the Gentlemen at Batavia had made of their having sent Order to Negapatam for payment of the Bill

in favour of Mr. Marriotte for Pags. 250 in 1762 it remains yet unpaid We have represented the Case to the Governor & Council of Negapatam and the amount if received here shall be placed to your Credit.

Mr. Hay makes returns by the Admiral Watson for the Gold consigned to him by Mr. Cole on the Greyhound for the Money lent him from the Bank which you acquaint us the Company have permitted to be established at your Presidency.

The account current with your Presidency from 1757 to 1762 is now transmitted to you as you desired in your Letter of the 4th. Febv. 1764. The Account current from that Date to the 31st. December 1763 was forwarded in our Letter of the 18th. September by the Maria Marcelina Snow.

It is with much pleasure We observe by our last advices from Canton that the Gentlemen there would be enabled by the supplies sent them from hence last year to provide for all their Ships. We are collecting all the Silver we can procure to assist them in providing for the present years Investment and are persuaded you will contribute every thing also in your power to promote this Branch of Trade of so much Importance to our Honble Masters.

We have heard nothing of the Middlesex since she sail'd for Batavia & We are in some Pain for the Admiral Pocock as she was not arriv'd at Canton by our last Accounts dated in January whither Mr. Dalrymple who arriv'd there the 7th. November has dispatched her from Sooloo before he left that Place himself in the London Packet the 2d. of October.

Captain Blewit having represented to us that the Money he had on board for the Ships Stock was all expended for Charges incurr'd at Batavia & Malacca, We have defrayed his Expences at this port an Account of which shall be transmitted to our Honble Masters.

GENTLEMEN

We have received your Letter of the 25th. Ulto.

We do not entirely approve of the Distribution you have made of the Employs at your Settlement. It has been usual for the second to be Warehouse-keeper & Accountant & may be done with greater propriety at present, as Mr.

Dowsett cannot be so well acquainted with the Business of the Investment as Mr. Calland, who has had so much experience in that Branch you will change the disposition of the Employs accordingly & We have appointed Mr. Jourdan to be fourth of Council, who is to be station'd at Cuddalore, as Sea & Land Customer.

Amongst the 59 Bales you sent up by the Boat Mungaladary last Month there was a small Bale of Salampores Midling White which contained only Cov. lbs.
2 & 12 instead of four corge as usual, and are Invoiced at only 32 Covds. long which is one Covid shorter than the Length you were order'd to provide them
Cor. PS.
of last year. It is also observed that 1 13 are of the (T) Chop & the remaining 19 Pieces of a proper Quality though short mixing the cloth in the same Bale in this manner is not only unusual but very improper as it is liable to create mistakes. We shall therefore expect your Reasons for this proceeding & for charging the same Freight of ¾ of a Pagoda for this small Bale as for the rest.

We observe the contracts you have enter'd into with the Merchants for the provision of the present Years Investment which we hope will be more punctually fulfilled than they were the last Year & shall expect your utmost care & attention that we are not again disappoined in this Material Business.

Musters of Succatoons & Salampores Blue shall be sent you from hence as soon as they can be provided.

Mr. Dowsett having a Ballance in his hands as Paymasters to the Army when last in the Field of six thousand Pagodas, is to pay it in your Cash & Mr. Brower having been supplied with more Money for the Purchase of Silver at Tranquebar than he can Invest, will also have Directions to pay the remainder to you which will be sufficient. We imagine for your Present Occasions.

No. 49.

TO JOHN SMITH ESQR.
CHIEF &CA. COUNCIL
AT VIZAGAPATAM.

GENTLEMEN

We have received your Letter of the 19th. Ultimo and cannot help observing that you seem endeavouring to act in direct contradiction to our express & repeated Orders regarding the Upparra Merchants. It is extraordinary that the argument, you say they insist upon that it would degrade them to be under the Direction of Mr. Dolben at Ingeram after being employed at your Settlement should have any weight with you. Why did you not undeceive those Merchants, by assuring them it was by no means Subordinate to Vizagapatam & that Mr. Dolben would act as reasonably by them as you could do, in Short instead of raising Difficulties We expected you would rather have taken Pains to carry our Orders into Execution.

Mr. Dolben assures us he has made it his particular attention to avoid interfereing with your Investment, and we enclose you copy of his last Letter to us on the Subject which he thought himself obliged to write in justification of his Conduct after the Imputation you had laid to his charge of havg. taken Steps tending to the Prejudice of it.

We never supposed much cloth to be manufactured in the Town of Uppara, but the Villages in its neighbourhood from whence it might be conveyed to Ingeram with less Difficulty than either to your Settlement, or to Bandarmadanka, which is also at a great Distance from Upparra & might be more reasonably objected to than Ingeram laying contiguous to it.

If some of the Merchants termed of Uppara reside at Vizagapatam and are willing to be continued in the Investment, they must provide Ordinary Cloth from the Countrys to the Northward of Upparra & your Settlement which we again point out to your Attention & as we are still of Opinion that the fine Cloths made in the Neighbourhood of Upparra may be most conveniently provided under the Direction of Mr. Dolben at Ingeram we shall expect, that instead of encouraging the Merchants under the fallacious arguments they have made use of you promote by every means in your Power the Plan we have laid down as calculated for extending the Companys Investment to the Northward which we are sorry to observe has been so much in need of it for some years past; We shall at the same time direct Mr. Dolben to be cautious of not giving any Interruption to your Investment concerning which you must consult together upon occasion & considering yourselves, as promoting the same Interest avoid all further Disputes & altercations serving only to take up our Time & attention & yours also which may be employed to much better purpose.

The Britol is arrived with your Bales but too late for the Europe Ship. You must therefore in future be more carefull to send up your Bales, at least a part of them by earlier Opportunity the loss of those on board the Union in Octr. 1763 is a recent Instance of the necessity of your attendg. more particularly to this Injunction. We want to dispatch the Ships home in the proper Seasons, which we shall never be able to do, if a sufficient Quantity of Cloth, is not collected by the Middle of January & Septr.

To the Honble John Spencer Esqr.
President & Governour &ca. Council
at Fort William.

Honble Sir & Sirs

Enclosed is Duplicate of our last by our Honble Masters Ship Kent dated the 20th. Ultimo since which we have been favor'd with your letter of the 31st. of March and hope the Measures you have taken for procuring us a supply of Jaggaree will be effectual, as the want of it puts us to great Inconvenience.

The Gentlemen at Bombay in their advices to us of the 20th. of March mention that in consequence of the Companys, directions they had come to a Resolution of dispatching the Asia to the Bay having also received Notice of your intention to send her to the Coast that she might proceed to China from hence.

At the same time, they inform us of their Intentions to dispatch the Talbot to Canton exclusive of the York their arrival China Ship, with Cargoes of Cotton Pepper, Putchuck, and Sandal Wood, but that as the amount of their Cargoes will fall allmost 500000 Rupees short of the Stocks Ordered for those Ships, they depend on our being able to supply that Deficiency from hence. We have now about £100,000 in Treasure & Merchandize for China, and if the Gentlemen at Bombay could have provided for the Talbot & York the Supplies from hence and those allready sent from your Presidency might have enabled the Supracargoes to have return'd full Cargoes on all the Ships of this Season which we now apprehend may not be in their Power. We shall however spare no Pains to augment our Stock as much as possible.

We also observe the Gentlemen at Bombay expected to dispatch the Earl of Middlesex Admiral Pocock Calcutta & London to Europe in the Course of this Season. But neither the Admiral Pocock or Earl of Middlesex have yet been heard of, and the Calcutta will probably arrive with them very late.

No. 76.

To MESSRS. THOMAS FITZHUGH, SAMUEL BLOUNT, NATHANIEL GARLAND, WILLIAM MACKENZIE, STEPHEN DE VISME, THOMAS SMITH & WILLIAM ROUS
SUPRA CARGOES OF COUNCIL AT CANTON.

GENTLEMEN

We have received your several Letters of the 7th. 8th. & 16th. & Three of the 23d. the 18th. & 22d. of December & 5th. January. The Bills of Exchange therein mentioned also one dated the 8th. of January for Pags. 1500 of which we have not received the Letter of Advice, together with those drawn upon us by Messrs. Mackenzie & Devisme from Manilha. amounting altogether to Pagodas 1,0057 5 12 and 20,000 Arcot Rupees have been duely honor'd.

It is with much Pleasure we observe the consignments from hence in the last Year were sufficient for your Investment, and as it is very uncertain whether you will be assisted this Season with any Silver from Europe, we have taken every Opportunity of making purchases both of Silver & Merchandize The amount of the former to this Time being near £100,000 & of the latter about £15000 which we shall increase if possible & consign to you by the earliest conveyance, In the purchase of Goods We have been guided by the Price Currt. you transmitted to us, & the Importation of French & Manilha Silver has hitherto set the Price of Silver at 15 Dollrs. for 10 Pags.

The President &ca. Council at Bombay write us of their Intentions to dispatch the Talbot to you exclusive of the York their annual China Ship with Cotton Pepper, Putchuck & Sandal Wood, but as the amount of their Cargoes will fall allmost 500,000 Rupees short of the Stocks appointed for those ships they depend on our being able to supply that Deficiency from hence We were in hopes the Gentlemen at Bombay would have been able to provide for the Ships sent to you from their Side, and in that case the supplies from hence and the Bay might have sufficed for the cargoes of all the other Ships destined to Canton this Season. In the present circumstances we can only assure you of our Endeavours by every means We can contrive, to give you all the assistance in our Power of which we shall be able to form a better Judgement, as soon as we are acquainted with the destination of the present years Shipping.

Not having occasion for the Guns you received by the Hawke from Manilha, they may if you please be sent home on any of the returning ships in want of Kintledge.

The Success Fort William & Lord Anson Transports are arrived at Bengal. The latter had the Misfortune of losing 224 Men in the Passage. The Kent with Lord Clive Mr. Sumner & several other Passengers arrived here the 10th. and sail'd for the Bay the 24th. Ultimo.

We are very anxious for the safety of the Admiral Pocock, not having received any advices of her since she left Sooloo. The Earl of Middlesex expected from Batavia with part of the Manilha Troops and stores is also missing & the London is not yet arrived.

We had the pleasure of writing to you the 9th. Instt. by the Bon Voyage of which a Duplicate comes enclosed. We have since learnt by Advices from Batavia, that the Earl of Middlesex, not being able to get her Passage to the

Coast returned to that Place, and was to proceed as soon as she was sufficiently repaired. There is also a Report that the Admiral Pocock was heard of in the Streights of Malacca though we much doubt if it is to be depended on.

The Argo Frigate from Bengal arrived at Batavia, the 12th. and sail'd the 29th. of January with a consignment of ten Lacks of Rupees for Canton by the Pitts Passage. The Duke of Gloucester, Earl of Elgin & Duke of Richmond bound also for China were at Batavia by the latest Advices from thence dated the 16th. of March.

We have received your favour of the 6th. of last Month, with the News of Lord Clives arrival in Bengal. We beg leave to congratulate you on his accession to the Government at your Presidency and to assure you of our most earnest Wishes for the Success of your Affairs under his Lordships administration. The Extract referr'd to in your Letter abovemention'd are not enclosed.

The Earl of Middlesex arriv'd here from Batavia the 27th. of last Month, having been under the necessity of returning to that Port after attempting in vain to gain her Passage against the Northerly Monsoon. As this Ship is now on high Demorage We think it will be for the Interest of our Honble Masters to return her the first to Europe & have therefore resolved to keep her for our September Dispatch We desire you will be pleased to inform us how many Ships you expect to return to Europe this Season, that timely Measures may be taken for employing such as cannot be provided, with returning cargoes We shall give you our Sentiments, more fully on this Subject, as soon as we are furnished with the State of the Shipping taken up for this Season accompanied with the necessary Instructions from our Honble Masters.

The Middlesex, will take off most of the Salt Petre we have on hand, We shall therefore want a Supply either in October or January which should not be less than 200 or 250 Tons. and We must again take leave to repeat the hindrance there is to our Works the Scarcity of Jaggary of which we request as early a Supply as possible.

SIR

We have received your Letter dated the 30th. of last Month with the Proposals of the Muggletore Rajah to Rent the Farms of TUMADEE & PEDANA, TONDURE & BONDURA & NARSAPORE SATT from the 31st. of May for the Term of five years at the rate of twenty nine thousand three hundred Pagodas ℔ Annum, also these of Mosaly Conty Vencataram for the Districts of Bandarmalanka for the same term at three thousand three hundred Pagodas ℔ Annum which are accepted, & Cowles shall be prepared accordingly.

The Muggletore Rajah has set forth in his Proposals, that he last Year sustain'd a loss in the Rent of the Countries abovemention'd, of Eleven thousand five hundred Pagodas by the Incursions of Sitteram Rauze desiring it may be deducted out of the present year Rents. This however cannot be admitted as if he really did sustain such a loss, by means that he could not prevent, he should have made a timely Application for Our Advice & Assistance the Incursions of Sittaramrauze were not meant or intended against the Companys Districts but his Demands were solely on those of the Muglatore Rajah.

We are sorry to find there is a likelihood of a Bad Debt at Bandarmalanka from one of the late Merchants but hope Mr. Whitehill will take care the Company Do not suffer if there should be a possibility of recovering it.

Mr. Whitehill may have permission to come up from Bandarmalanka for a Month, provided it will not be of any Detriment to the Investment there.

We have resolved to send the Earl of Middlesex to Europe as soon as her Cargo can be compleated, & therefore depend on your utmost endeavours to procure very expeditiously as many Bales as possible the Middlesex being at a high Demorage of £ 20 3 4 ℔ Day.

The Tappies We observe Generally are six days from Ganjam to Vizagapatam, which ought to be travell'd in much less time. We desire you will remark this to Mr. Smith & Mr. Lowe that the Paquets from Bengal may come more expeditiously.

We have allready acquainted you in our Letter of the 30th. of May with the Agreement enter'd into with the Gentlemen concerned in the Voyage to Manilha in case their Agents should be able to consign you some Treasure from thence.

The frequent Troubles in this Country have so much reduced the demands for Woolens that we have resolved to send you a part of what we have on hand by these Ships if it sells for Prime Cost considering the difference in Exchange from hence, our Honble Masters will be no loosers as it will be so much added to your Stock.

We are concerned to observe such large Deficiencies in the Articles consign'd to you last year which we are inclined to think must have been occasion'd by other Causes, than the difference in weighing between this Place & Canton. Two of the Companys Servants & the Persons of the Ships always attend for that purpose and the Weights having been try'd lately we find the difference is not more than an ounce in an hundred Weight.

With respect to the Article of Tin which you inform us was fully deliver'd from the Northumberland in Tale, but deficient in weight by 960, it may very possibly be owing to its being exchanged on board the Ships for that of the Captains, which they purchase in their way to China. The deficiencies in Tale are propably [*sic*] caused by Theft at Whampo, and in the Boats going up to Canton, as the Bills of Lading express the Number in Tale, as well as the Weight, and the officers Receipts are Vouchers for their being received on board. The very great Difficiencies ℔ Lord Hollond must undoubtedly have been occasion'd by some of those Causes.

In regard to the Cotton, the Method We have taken this Season, has been to empty Sixteen of the Packages, weigh them all, and Charge the Tare upon a Medium, which instead of 26 it was charged at last year turns out 47 in each Bale & at this difference we have taken all the Cotton of this Season, We have purchased about Sixteen hundred Bales which is more than the three ships are able to take in.

We shall pay attention to what you recommend concerning the Gold we may consign to you in future, Particular care was taken in the Assay of that sent you the last Year, a part of the Samples you returned have been sent to Bengal, and shall also be sent to England at the request of the Assay Master on his own vindication, & that the Credit of our Mint may not suffer; a Copy of his Letter on this Occasion comes inclosed.

We are extremely anxious for providing means to bring away the People, upwards of three hundred left at Sooloo. Mr. Dalrymples ordering the Admiral Pocock thence has on all Accounts proved a bad measure. We have taken up a Vessell for this Service, as well as to receive such Goods as may have been provided in Payment of the Ballances due to the Company when Mr. Dalrymple left the Place, which however we fear will not easily be cleared as we find he is of Opinion it will depend on our sending more Goods thither which from the bad success of the former we have too much reason to decline.

We shall be glad to be informed of the Quantity of Silver taken out of the Admiral Pocock, and carried on the London to Canton, that we may accordingly credit the Expedition to Manilha as Mr. Dalrymple has omitted to inform us.

The Packets for Canton by the Horsendon are forwarded by those Ships respectively with several other Papers according to the Lists inclosed to which we refer.

We are informed that the Albion who received her Dispatches with the Horsendon & Royal Captain was lost in her way to the Downes. Her Passengers, Ships Company & Treasure are saved.

We have permitted Captain Baker our Master Attendant to return to England by the way of China & he takes his Passage on the Royal Captain.

Gentlemen

We have received your Letter of the 18th. Instant with the Accounts of your Settlement for last Month.

You may accept the Proposals made for providing Succatoons Blue at 42½ ℔ Corge & Salampores Blue at 28¾ ℔ Corge, and we approve of your having advanced Pags. 250 for the immediate provision of a few pieces by way of tryal of different Fabricks. If any of them were Succatoons they may now be included in the Quantity ordered for your Investment.

We have not here any White Succatoons We must therefore leave it to your Direction to contract for them of such a Muster as you shall approve & on such Terms as may appear reasonable you can easily ascertain, what should

be deducted for the Charge of the Dye a Piece of each Sort, blue & White, must be sent up to be kept in our Warehouse to shew the Muster by which you contract.

As you judge 2½ Pagodas ℔ Month to be a reasonable Rent for Mahomed Asheriffs House he may be allow'd accordingly for the time, it has been occupied for the Company.

You will make enquiry concerning the Priviledges formerly enjoyed by the Dutch Residents at Cuddalore that We may know, what Directions to give concerning the Application of Mr. Baars.

In your Accounts We remark a Charge of 12 Pagodas given to the Peons at their Sword Feast in October also of 28 Pagodas to the Chiefs Servants at Christmas, which must be discontinued in future.

No. 131.

TO CAPTAIN GEORGE DODWELL
OF SNOW PATTY.

SIR

Herewith are delivered to you several Letters and Papers received from Mr. Dalrymple at Sooloo to which you will be pleased to refer for an Account of the Companys concerns at Sooloo. The following are the material Points recommended to your Attention.

By an Account Current received from Mr. Dalrymple dated the 28th. of September last of which you have a Copy there appears to be a Ballance due from the Sooloo of S. Dollrs. 54243 1 8 and he acquainted us there were Goods left behind at Sooloo to the amount of D. 10000 but whither those Goods make a Part of ye. above Sum, or had been before delivered to our Agent we know not, they consisted chiefly of Sago & Tupy.

You will observe that Dato Sarapadin is the Person chiefly connected with the Companys Affairs at Sooloo to whom you will apply for an Account of the Goods, that have been provided & are remaining there for the Company.

Mr. Dalrymple informed us he left a Chinese named Tonqua to take an account of the Goods remaining whom you must also call upon & consult with on this Occasion this man had Mr. Dalrymples permission to send 100 ℔ Cent of Gruff Goods to China Freight Free on the Vessell that may carry away the Companys concerns which we admit off provided he continuees his diligence in taking care of the Companys Affairs at Sooloo untill the Ballances are all cleared off which you will signify to him accordingly & any Goods he may not have ready on his own Account you have permission to receive on Board provided you have Room.

We observe by Mr. Dalrymples Letter to Captain Alves dated at Canton, the 1st. of Janry. of which you have a copy enclosed that he desires him to inform Allmodin he had carried his Pearl with him to England having been offered for it no more than 1000 Dollars, though if it could be match'd he rekons that both would be worth 3000 Dollrs. you will therefore according to the said Letter apply to Dato Sarapodin to use his endeavours, that Allmodin may send such another, and some more so as to compleat the value of Dollrs. 6283 Ryals 7 which he tells him may still possibly satisfy the Company you will also let Sarapodin know concerning another Pearl said to be worth no more than 1500 Dollars mention'd in the same Letter.

With respect to the next Paragraph to Captain Alves you will enquire concerning Timber, and in case you have room and any should be offered you may take it on board.

In a Paper mark'd Account Handkerchiefs you will observe 3426 Ds. 6 are the Amount of the Sales of which Sarapoddin acknowledges by his Receipt to have received 2100 & the Ballance being 1326:6 is also payable to Saropodin as ℔ Tonquas Note, this you will also demand.

Dato Saropodin had also under his Care a Galley and Sampan belonging to the Company & also some Stores which you will enquire after & endeavour to get a Particular account of whatever is left behind.

We recommend your taking on board the Goods that may be in readiness with the utmost Expedition & you will at your Departure obtain as particular an account, as you may be able of the Ballances remaining & from whom.

You will deliver the enclosed Letter to the Sultan and Dato Saropodin with the Presents which We send you under your care to them consisting of Cloth of which a List is enclosed. Letters are also wrote to Sarapodin & Tonqua with whom you are chiefly to consult, and the Sultan is desired to give any assistance that may be necessary in hastening your Departure which will be of the utmost consequence considerg. the lateness of the Season Mr. Dalrymple not thinking it safe to remain there after the 20th. Septr.

As the Companys Concerns at Sooloo must take place of all other Considerations, we are under the necessity of restraining Private Trade, which therefore you must strictly observe, & give the same Caution to your officers we must also recommend to you to behave in such a manner, as may not Involve the Companys Affairs or bring them into discredit by Ill Treatment of the Bugguese, and other strangers as well as Natives.

As it may be necessary to advance some Money to the Seapoys at Sooloo & We cannot send any Dollars by you, We have provided some Blue & White Long Cloths of which an Invoice is enclosed consigned to you & Captain De

Plan who commands the Detachment there. These you will dispose of to the best advntage in concert with Captain De Plan to whom you will pay the Amount taking his Receipt for the same.

To John Pybus Esqr.
Chief at Mazulipatam.

Sir

We have received your Letter of the 31st. of last Month.

We are concerned to find so great a backwardness in the Investment at Bandarmalanka & in the provision of Chay Goods at Mazulipatam, it appears to us that had Mr. Whitehill paid the same assiduity & Attention as his Predecessor he might have succeeded in providing as large a Quantity of Cloth. The Company are very particular, in their Injunctions to us regarding their Investment & our hopes & Expectations have been to see it more flourishing & better attended to than heretofore when we had not the means of protecting it so much in our power We rely therefore on your endeavours in speedily removing every obstacle which may have retarded the Investment at Bandarmalanka, and Mazulipatam & in sending up whatever can be got ready at either Place by the earliest Conveyance the Middlesex having allready begun to take in her Cargo.

We shall make the Nabob acquainted with the circumstances you mention regarding the Sum the Wangole Rajah stood Indebted to the Farmers of Nizampatam on account of the two Villages of that Circar in his Neighbourhood & apply to him at the same time concerning the future Rent of them.

A part of the Stationary you have Indebted for is sent by a Country Boat of which Invoice is enclosed.

The Duke of Albany which sail'd from hence the 27th. of October arrived in England the 23d. March last.

The Luconia Snow arrived here the 3d. Instant from the West Coast, as she is in want of a thourough Repair we shall as the Gentlemen there have recommended send her round to you for that Purpose in Company with the first Europe Ship that is dispatch'd for your Presidency.

We have received from the President & Council of Fort William the enclosed Dispositions they have framed of the Shipping of this Season, It was made upon Supposition that the Falmouth was not a Freight Ship to be disposed of in India, but as it appears she has been taken up on those Terms they may possibly be in want of a Ship to compleat their Tonnage to England. HONBLE SIR & SIRS

Since we wrote you the 22d. & 25th. of June by the Betsey Galley Duplicate whereof come enclosed We have received your several Letters by the Beckingham Luconia Snow & Admiral Watson dated the 28th. June 6th. & 23d. of July & 12th. of August.

Not having an Opportunity of supplying you from hence with the Grain you have desired, we immediately apprized the Gentlemen at Bengal of your wants that you might have the earliest means of assistance from that Presidency.

The Admiral Watson was dispatch'd to Bengal the 16th. Instant either to be return'd to the West Coast with the Stores you have indented for from both Presidencys, or otherwise disposed of as They shall judge proper.

The Luconia Snow arrived here in a very leaky Condition but upon a Survey was thought capable of proceedg. round to the Malabar Coast if well mann'd. We accordingly dispatch'd her to Bombay the 10th. Instant as you recommended & took the opportunity of forwarding some Consignments by her for that Presidency Captain Forrest desired leave to resign the Command of her which we granted & Mr. Rossing has been appointed on producing a Certificate of his being a Captain on your Establishment.

Captain Mallick of the Beckingham havg. acquainted us of his Intention to proceed to Bombay & at the same time represented that it would be of Great prejudice to him to have been detain'd here We transmitted to the President & Council there your Letter of the 28th. June address'd to either of the Presidencies relative to his Debt to the Company with the Several Papers therein referr'd to that such measures may be there taken for the recovery thereof as shall appear necessary. The Solebay fell to leeward of this Place & is arrived at Bengal.

The Earl of Middlesex sail'd for England with a full loading the 20th. Instant for an account of the arrival & Departure of the other shipping at this Presidency since our last We refer to the enclosed List & have the pleasure to acquaint you that our consignments to China this Season amounted to three hundred & fifty seven thousand two hundred & thirty seven Pagodas, six fanams & sixty eight cash (357237 6 68).

GENTLEMEN

We have received your Letter of the 25th. Ultimo & 3d. Instant.

The Bristol Snow imported the 7th. & returned to your Settlement with the Medicines you indented for the [*lacuna*] Instant. We are well pleased with the Supply of Bales received by her but your not sending them before the 23d. of September was very late. We hope you will guard against this in future, & as We propose dispatching our next Ship to Europe in January you must not be later in sending up the Bales you may have on hand than the 1st. of that Month.

We doubt not but Mr. Smith will be able to settle the Dispute between Mr. Lowe & Rammadoss by the means of Sitteramrauze, but as Mr. Lowes connections as a Renter are very Inconsistent with the Service for which he was placed at Ganjam & will be continually bringing him into trouble We have caution'd him against interfering in these Matters in future.

We approve of your sending for the Stores from Bimlipatam when the Season will permit & have sent overland a Supply of 16000 Madras Pagodas for the purpose of your Investment, which Mr. Dolben has our Directions to forward to you.

We judge it would be a much more expeditious Method of conveying our Letters, if Hyder Ally Cawn would permitt your Pattamars to come direct to Seringhapatam & from thence to the Pass at Cadapanuttum where our Nabob has a Garrison the Pattamars might proceed from thence to Satgud deliver their Letters to our Serjeants who commands there & will forwd. them on directly to Vellour from whence we may have a Const. daily Post; Letters to you may be return'd in the same manner; but if were [*sic*] first to attempt this from hence the Jealousy of the Missorians might prevent our succeeding.

To JOHN SMITH ESQR.

AT VIZAGAPATAM.

GENTLEMEN

The Goods received from your Settlement by the Bristol Snow having been examined enclosed are the Remarks that have been made thereon for your guidance in the provision of your Investment which you will observe is to be confined entirely to the Long Cloths.

Thirteen of the Bales we received by the Bristol Snow being wet when landed they were opened and thirty Pieces of Cloth being damaged were sent to the Washers who return'd ten of them immediately before they were put into the Water as they had Holes in them, & upon examination seem'd to have been pack'd in that Condition as the Holes are in those parts of the Pieces, which have not the least appearance of being damaged. We therefore expect that you strictly attend to the Honble Company's Orders so often repeated in every List of Investment, that no Cloth with Holes or being Darned, is packed in the Bales, which we have much reason to believe you have not sufficiently done from the abovementioned circumstance as well as a Remark of the Committee of Accounts of your having charged Pags. 14 10 8 for darning of Cloth in the course of 3 Months & 20 Days.

And as it is to be expected that some Cloth will unavoidably be torn at the Wash you must lay such Cloth aside & at the end of the Year send us an account of the Quantity waiting our Directions for disposing of it at Publick outcry. We also recommend to you to look well after the Washers to prevent their being careless that no further Loss may be occasion'd by this means than cannot possibly be avoided.

SIR

We have received your Letter dated the 15th. Ultimo from Rajahmundry concerning the Man under confinement for a Murder committed at Ingeram. We think he might with more proprity be try'd by a Court Martial where witnesses can be had on the Spot, than to have him sent up to Madras to stand his Tryal at the Quarter Sessions without Witnesses, in future We desire when any thing of this Sort happens again you will either try such offenders by the Martial Law or wait our Orders.

In consequence of an application from the Select Committee at Bengal for the Assistance of Servants from this Settlement Messrs. Russell Aldersey, Kelsal & Floyer are ordered to repair thither as soon as possible. Notice

hereof is now sent to Mr. Kelsall who is to proceed from the Northward after delivering over his Employs to Mr. Dawson who must continue in charge of them untill a Servant can be appointed from hence of which you will give him immediate Notice to prevent delays.

HONBLE SIR & SIRS

We have received your Letter dated the 14th. of last Month representing that Trimely Chitty a Merchant in your Service at Cuddalore had been arrested by our Chief & Complaing. of it as an Infringement of the Prerogatives granted to your Company in the Realm of Gingee. On turning to our Records We cannot find that the Companys Authority is by any means abridged, or that they are not Invested with full Jurisdiction in the Bounds of Cuddalore, but as it has been usual for Disputes between the Natives to be decided by the Heads of the Cast the Fact complained of can only be attributed to your Resident refusing to conform to that Usage in the Disputes between Trimity Chitty & Corrapah Moodillee. On a Supposition that this equitable Measure will no longer be evaded We have given Directions that Trimity Chitty be set at liberty & We hope by constantly observing the same Rule in future all further occasions of Dispute will be avoided.
